Using Interreg South Baltic funds

for green technologies

Description of your idea

- Part of nature has adapted to culture for centuries
 - Birds coming back from South Africa to the very same nests
 - If no old nests found - building new ones
 - Sometimes people want or have to tear down the nests
 - A bird colony must be sustained after any renovation work
-
- Standards + tools to count and sustain bird colonies
NEEDED
 - Responsibility to reintroduce birds after renovation NEEDED
 - Solutions for the problems of citizens + education NEEDED
